ADDITIONAL SKILL ACQUISITION PROGRAMME (2016-17)

Additional Skill Acquisition Programme (ASAP), a joint initiative of General and Higher Education Departments launched with an objective to impart quality skill education to undergraduate students alongside their regular curriculum. The very philosophy of ASAP as a skill development agency is to accentuate the employability of the youth. ASAP gives special edge to those students who are in need of immediate employment. For the needy, ASAP lays out a way to fend a living by ideally placing them in an organisation. SAS SNDP Yogam College has been offering this programme to our students from 2015 onwards. Foundation course comprises of effective training in Communication Skills in English and basic IT Skills. Both these programmes are delivered to students for 180 hours. The college has a Skill Development Executive (SDE) appointed by ASAP, Govt. of Kerala for handling this course. This course is designed for first year degree students who are economically and socially backward. The students who successfully completed the course improved a lot in listening, writing and speaking in English.

Advanced skill modules of about 120-250 hours supplement the Foundation Module and upgrade cutting-edge practical knowledge and skill in the students, in an area of specialization of their choice. Skill training is delivered by ASAP in tie-up with industry experts and trainers after undergoing skill training, thereby offering quality delivery of the Skill modules, with the added benefit of internship at the concerned industries offering an opportunity for hands-on experience. Our college has been recognized as a training partner institution for ASAP in the year 2015.

Coordinator: - Mr.Krishnakumar.M.R (Dept.of Computer Applications)

A new batch with a strength 27 students was joined during this period. During this period

'ദിനസഞ്ചാരി'

മാതൃകാപരമായ പ്രവർത്തനം

പ്രവർത്തനം : ശ്രീമതി. അനാമിക. ജി. നായർ

ജീവിതത്തെയും പ്രകൃതിയെയും അടുത്തറിയുക, പ്രായോഗികമായി

സമയം : 9.30 am to 11.30 am

'ദിനസഞ്ചാരി' എന്ന പേരിൽ മാതൃകാപരമായ പ്രവർത്തനം നടത്തുന്നു. ഇന്നലെ നിർമ്മാണം, ഇന്നവേഷൻ നിർമ്മാണം, ചെറുപുഴ സ്പെഷ്യൽ നിർമ്മാണം, പേപ്പർ ഉൽപന്നങ്ങൾ, ഇന്നോവേറ്റീവ് ആശയങ്ങൾ തുടങ്ങിയവയിൽ പ്രവർത്തനം നൽകി. രാവിലെ 9.30 ന് ആരംഭിച്ച പ്രവർത്തനം 11.30 ന് അവസാനിച്ചു.

Language and Communication Skills

The Department of English has been extremely sedulous about the English accent, as most of their students have had their schooling in Malayalam medium. The teachers of the department aid the freshers in classroom, on and off campus to correct their deviant ways of pronunciation due to the mother tongue influence and approximate their enunciation to neutral accent. To this feat, the genuinely interested students and those aspire to qualify IELTS or TOEFL are picked from the various classes and multitiered edutaining tasks are pressed into service for them. Online audio books on the most popular English works are played, and the Classic English movies with subtitles are screened to the students in the ICT enabled Seminar Hall, before or after the regular teaching hours.

When the students get familiar to the English accent through this practice, they are taught the forty-four phonemes or the speech sounds of English. As the neutral accent or the International English is most akin to the King's English, Received Pronunciation (RP) is taught to them using Compact Discs released by the Oxford University Press and Cambridge University Press.

The students are then introduced to 'stress' and 'intonation' of connected speech for which the online education sites of British Council and BBC are brought into play.

Besides, students are made to download mobile applications like 'World Radio', 'Daily English Conversation', 'BBC Learning', 'British English Listening' and many more.

Once the students get ample confidence, they talk in English to their peers and then to their teachers who give them necessary corrections to hone their listening and speaking skills. As the skill development measures for the other two—reading and writing—are already part of their curriculum, the students become well versed in all the four skills associated with language.

The ICT enabled Seminar Hall and mobile phones are all it takes to accomplish this mission.

ICT training during the year 2016-2017

Department of Computer Science

ICT training is organized by Computer Science Department to First year BCA students who were lacking the computer programming skills, especially to Biology-Science students (at +2 level). The aim of the training is to boost the computer knowledge and programming skills so that they can excel in computer programming language courses. Integrating the latest ICT tools for the best implementation of this training. Here we used the online tools like online programming editors for the live demonstration of the logic of the problem and execution. The students are capable of using e-resources for learning of curricular subjects, interact with ICT devices confidently and practice safe, legal and ethical means of using ICT.

Number of students attended training	:	20
Faculty Conducted the training session	:	Sri. Rajesh N
Contents in training	:	Basics of Computer Programming using Program Editors & e-resources

ICT training during the year 2017-2018

Department of Computer Science

ICT training is organized by Computer Science Department to First year BCA students who were lacking the computer programming skills, especially to Biology-Science students (at +2 level). The aim of the training is to boost the computer knowledge and programming skills so that they can excel in computer programming language courses. Integrating the latest ICT tools for the best implementation of this training. Here we used the online tools like online programming editors for the live demonstration of the logic of the problem and execution. The students are capable of using e-resources for learning of curricular subjects, interact with ICT devices confidently and practice safe, legal and ethical means of using ICT.
