# SEMINAR MENTAL HEALTH

## 09/11/23

Expert speakers and mental health professionals provided valuable insights into various aspects of mental health, including common disorders, coping strategies, and stigma reduction. Through informative presentations, interactive workshops, and open discussions, attendees gained a deeper understanding of mental health issues and the importance of seeking help and support.

The seminar also emphasized the significance of creating a supportive and inclusive environment that promotes mental wellness and destigmatizes seeking help for mental health concerns. Participants were encouraged to prioritize self-care, reach out to support networks, and engage in open dialogue about mental health.

# ELECTORAL ENROLMENT CAMP

24/11/2023

The Electoral Enrollment Camp held at the College was a significant initiative aimed at promoting civic engagement and encouraging students to participate in the democratic process. Organized in collaboration with local electoral authorities, the camp provided students with the opportunity to register as voters and learn about the importance of exercising their franchise.

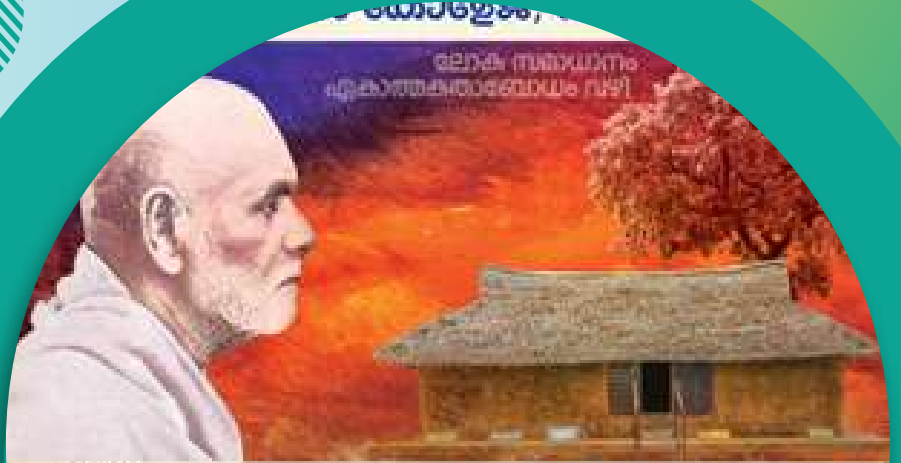

Throughout the camp, students were guided through the voter registration process by trained staff from the electoral commission. Information booths were set up to provide guidance on eligibility criteria, documentation requirements, and other relevant details.

In addition to voter registration, the camp also included awareness sessions on the electoral process, voter rights and responsibilities, and the importance of informed decision-making. Interactive activities and quizzes were conducted to engage students and reinforce key concepts.
