## 2.2 Student Enrolment Procedure (UG & PG)

For admissions under the General, Community, Sports, Cultural, and Physically Challenged categories, the University prepares and publishes a rank list on the official admission portal. Based on the allotments provided in the University admission portal, students are admitted to the college. For admission under Management Quota, admissions are conducted at the college level. Students seeking admission under this category must register themselves on the University admission portal.

This systematic procedure ensures transparency and adherence to university regulations for all categories of students.

Program and seat distribution for the UG and PG programs are published in the University portal as below
